14. (Confidential - LLM) In follow up of our session in the morning with the Speaker of the House, [] OCI, and I met with Mike Reed, Legislative Assistant to the Speaker, to fill him in on the constructive conversation we had with the Speaker on the problems of oversight of CIA in the House. Reed shared his own views with us indicating that indeed there is a good deal of antipathy among the younger members and promised to review the matter with the Speaker and it is our plan to be in touch with him if and when particular problems arise. (See [] Memorandum for the Record.)

15. (Confidential - LLM) Charles Snodgrass, House Appropriations Committee staff, called to advise that on a tentative basis they would be trying to schedule a briefing on the Agency's budget for the week of 3 June and the particular date he is looking at is 5 June. He emphasized that this was tentative only and I said that we certainly appreciate his efforts to plan in advance. He is quite sure that the briefing would not take place before 5 June. [] Comptroller, was advised.

Subsequently, [] learned from [] that 5 June would conflict with a scheduled USIB meeting and we will advise Snodgrass that 2 June at 10:00 a.m. or 4 June at 2:30 p.m. would be preferable if that could be fit into the Committee's schedule.

16. (Confidential - LLM) Bill Hogan, House Armed Services Committee staff, called concerning the submission of our report of the liquidation [] to GAO indicating that he did not want to classify the letter to the Comptroller General of GAO requesting their review of the liquidation. I told him the letter should be classified and suggested again that it parallel the letter sent to GAO on the [] matter.

Later, Charles Kane, D/OS, advised me that Hogan had contacted him and Mr. Kane had volunteered to be designated in the letter as the point of contact in the Agency and that Mr. Kane would assure that necessary security clearances were in order and that upon GAO contact he would be sure that the GAO representatives got in contact with appropriate Agency officials.

29. (Confidential - PLC) Miss Olson in the office of Representative Delbert L. Latta (R., Ohio) called on behalf of a constituent who is a businessman and travels frequently to the Caribbean. The constituent heard that Cayman Airways, which operates in the British West Indies, was having financial problems and he thought it would be opportune for CIA to buy it up. I told her that CIA was not in the business of acquiring airlines. She said she understood completely and would merely notify the constituent that she had brought his letter to the attention of the Agency and appreciated his suggestion.

30. (Confidential - PLC) Delivered to the office of Representative James H. Scheuer (D., N.Y.) a number of unclassified maps requested by Bill Signer of the Representative's office.
